My Experience

2021 - 1 Year 6 Months

Sinch - Software Engineer

This is where I learned about Holacracy, greatly improved many skills and learned new ones like React, MFEs & more.

2019 - 6 Months

Apprenticeship at /ut7

This was my first job experience and where I learned how to use TDD, OOP and agile values and principles.

2019 & 2017

Newcrafts Conference

An annual software crafters conference where I learned about a variety of topics from Extreme Programming to mental health in the Workspace

2019

AgileOpen France Summer

An open forum weekend all about agility and having fun.

2016

Agile Tour Bordeaux

An annual conference about agile values, principles, and practices.

2013 - 2017

Geek camp

An annual open space weekend, where we plan and do activities and camp in the countryside.
